## About Me

*Computer Science graduate with a strong foundation in software development, algorithmic problem-solving, and cybersecurity. Currently pursuing a Master's degree in Cloud Computing at the University of Salerno, with focus on distributed systems, containerization, cloud architecture, and secure software development. Passionate about exploring new technologies, cybersecurity practices, and continuously expanding technical knowledge through hands-on projects.*

## Education

2025–Present **Master's Degree in Cloud Computing**
University of Salerno, Italy
Expected graduation: 2028
Relevant coursework: Distributed Systems, Container Orchestration, Cloud Architecture, Microservices

2021–2025 **Bachelor's Degree in Computer Science**
University of Salerno, Italy
Graduated: 2025
Focus: Software Engineering, Algorithms, Data Structures, Web Development

2019–2020 **Cybersecurity Essentials**
Cisco Networking Academy
Completed foundational course in cybersecurity principles, network security, and safe computing practices

## Projects & Development Experience

2024–2025 **MeteoSuMisura - WRF4Salerno (Bachelor Thesis)**
github.com/isislab-unisa/WRF4Salerno
• Developed a cloud-native platform for high-resolution weather forecasting for the Gulf of Salerno
